

Capital (Das Kapital)

This book has been specifically formatted for the Amazon Kindle reader. We did our best to take advantage of all the features of the kindle to maximize your reading experience with this book. This book contains all eight volumes of Capital. An extensive treatise on political economy written in German by Karl Marx and edited in part by Friedrich Engels. The book is a critical analysis of capitalism and its practical economic application and also, in part, a critique of other related theories. Its first volume was published in 1867.
