

Lie Groups, Physics, and Geometry: An Introduction for Physicists, Engineers and Chemists [LIE GROUPS, PHYSICS, AND GEOMETRY: AN INTRODUCTION FOR PHYSICISTS, ENGINEERS AND CHEMISTS BY Gilmore, Robert (Author) Feb-01-2008

Describing many of the most important aspects of Lie group theory, this book presents the subject in a hands on way. Rather than concentrating on theorems and proofs, the book shows the applications of the material to physical sciences and applied mathematics. Many examples of Lie groups and Lie algebras are given throughout the text. The relation between Lie group theory and algorithms for solving ordinary differential equations is presented and shown to be analogous to the relation between Galois groups and algorithms for solving polynomial equations. Other chapters are devoted to differential geometry, relativity, electrodynamics, and the hydrogen atom. Problems are given at the end of each chapter so readers can monitor their understanding of the materials. This is a fascinating introduction to Lie groups for graduate and undergraduate students in physics, mathematics and electrical engineering, as well as researchers in these fields.

FEATURED LISTINGS DAVID J. BERGMAN Realtor® (831) 246-1155 FIND A HOME
 City, Zip Code, MLS# or Area Price min Price max **SEARCH BUYERS!** We have a common goal: Making you a homeowner. Let's make it happen! Ensuring you exceptional service at every step of your home buying process. Search listings from the convenience of your home. Be the first to get new listings that match your criteria. Get real estate market watch updates for listings in your area. "For Buyers" - Your source for the latest tips, checklists and free reports. Personal Consultation - Vast experience and knowledge you can rely on. Financial advice - Loans, Mortgages, interest and tax benefits. Community information and Utilities. Find a knowledgeable agent who knows how to get the job done, get a good deal and is responsive to all your real estate needs. Providing you prompt service, personal guidance and professional competence from contract to settlement. **SELLERS!** Allow me to list your home for a quick sale. As a real estate specialist, I know what it takes to sell your home. I bring expert knowledge, valuable experience blended with the latest technology, a well-defined marketing plan, a cohesive network, energy, enthusiasm and the excitement of a job well done. Detailed Home Evaluation Report and advice on the best price to list your

home. Vast Exposure for your listing. Virtual tours to distinguish your listing. "For Sellers" - Your source for the latest tips, checklists and free reports. Personal Consultation - Vast experience and knowledge you can rely on. Relocating - Everything you need to know about the neighborhood and transferring utilities. If you are planning to place your home on the market, browse my website for valuable information on preparing your home for sale, pricing your home right, marketing it effectively and the home inspection processes. I am passionate about my job, love my neighborhood and keep up with the latest trends and strategies so that I can pass them on to my clients. Your satisfaction is my success! David J.
